Rova massage treatments

ROVA RELAX

This massage uses natural warm oils and treats the entire body to relax your senses and eliminate stress. The movements are slow and gentle to achieve deep physical and mental relaxation. Relax massage reduces stress, stimulates the blood circulation and revitalizes the skin.

ROVA SPORT

A massage technique that is commonly used before or after sports activities. The purpose of this massage is to prepare you for sports activities and reduce the possibility of injury or to help to drain away fatigue, reduce muscle tension and improve flexibility after sports activities.

ROVA MEDICAL – DEEP TISSUE MASSAGE

It is a massage that stimulates certain areas that correspond to every part of the body. Evokes the power of regeneration and reduces the effects of stress. This massage promotes mental and physical health. It relaxes the muscles, stimulates metabolism, and reduces the pain in the neck and back. Cellulite is nothing new, but ROVA deep tissue is ROVA's way to fight for a better look and satisfaction. During the treatment, more attention is paid to the aching parts of the body and concrete issues.

ROVA LYMPHATIC DRAINAGE FOR THE LEGS

This very gentle body massage uses specific slow movements to encourage lymphatic drainage, helping to remove built up toxins and excess fluid from the body, thus helping to ease the discomfort when your feet and ankles are feeling swollen.

ROVA FOOT MASSAGE

Proper foot massage has a beneficial effect on the whole body. Enjoy a truly relaxing experience that will awaken all your senses.

ROVA PARTIAL MASSAGE

Partial body massage - back, chest or legs, depending on the wishes of the client, individually tailored to fit their specific needs during 30-minute treatment.

ROVA ANTI-CELLULITE MASSAGE

A massage treatment that is part of the anti-cellulite body program. Only one such treatment will not be sufficient to achieve the desired results. Our Spa therapists will adapt to your needs and do what is best for you to regain or just retain the youthful figure.

ROVA HOLISTIC MASSAGE

The combination of massage techniques based on a holistic principle is individually tailored to provide you with maximum enjoyment and relaxation. A special ambience, music and expertise of our massage therapists will guarantee you an unforgettable experience. This is our strong recommendation!

ROVA LOMI LOMI

It is a harmonic massage with warm oils where the massage therapist uses forearms and elbows and applies soft, deep and progressive strokes to create positive effects that lead to a complete relaxation.

ROVA HOT STONE MASSAGE – VOLCANIC STONE MASSAGE

This is a unique massage technique, created by the combination of ancient tradition and modern technology. It is a therapeutic treatment that combines hot and cold volcanic stones to restore harmony and balance of the body.

Rova body treatments

ROVASPA BASIC CARE – BODY SCRUB

Basic body skin care recommend as an introduction to other treatments and before going to the sauna. It includes skin cleansing which allows for deeper product penetration and a greater impact on the skin.

ROVASPA GLAMOUR (anti-aging)

Pamper your body and soul with pure luxury. This incredibly glamorous and sophisticated treatment hydrates, rejuvenates and provides a beautiful glow. Sophisticated techniques and specific strokes - every detail has been carefully selected to make this treatment synonymous with beauty, luxury and perfection.

LIGHT LEGS TREATMENT

This treatment is a must if your feet are swollen and legs feel stiff and heavy, and you experience stiffness in the lower back. The application of special preparations, lymphatic drainage of legs and feet, and a 'Haubold technique' in the back region, will ensure a lighter step, visibly reduce swelling, improve skin tone and bring relief to your back problem.

ANTI-CELLULITE TREATMENT

This treatment, in combination with massage treatments and personal training sessions, provides exceptional results in our individually customized programs for weight reduction. The treatment is very effective because it nurtures and nourishes the entire body surface. For the best results we recommend a course of 5 to 10 treatments.

DETOX TREATMENT

Immerse yourself in the ocean of pleasure through this treatment that will free your body of harmful toxins and tensions of everyday life and revitalize it with vitamins and minerals from the sea. The treatment begins with a body scrub with aromatic sea salts. It is an extremely good preparation for other treatments and the essential part of the anti-cellulite program.

Rova facial treatments

ROVAAqua

ROVAAqua treatments are soothing, refreshing and provide immediate visible results. Hydration is the foundation of a healthy, radiant skin. Treatments are designed for all skin types. Even the most sensitive skin easily tolerates ROVAAqua treatments. Your beautician will select certain serums and/or adjust the treatment to the unique conditions and needs of your skin. ROVAAqua treatment provides immediate visible results – the skin has radiant colour, silky texture and feels refreshed. For permanent results, we recommend a series of 5 to 6 specialized treatments. ROVAAqua treatments include exfoliation, mask, lymphatic drainage, facial massage, scalp massage for relaxation and palm massage.

ROVApurity

It is a complete and effective response to the problems of impure skin for all age groups. The results of treatment are visible immediately after the treatment. The skin has a healthy glow and a lovely uniform texture. ROVApurity professional treatments include exfoliation, vapozone treatment (if necessary), digito-pressure massage, lymphatic drainage, facial massage and scalp massage for relaxation.

ROVALift & shine

ROVALift & shine is a premium face lifting treatment with immediate results, visible after just 1 treatment. The use of the exclusive face-lifting technology and highly concentrated preparations for facial skin care provide an immediate lifting effect on the skin. The effects of aging will be reversed leaving you with a youthful and radiant complexion. ROVALift & shine exclusive treatments include exfoliation, lifting rejuvenation mask, digito-pressure, lymphatic drainage, ROVALift facial massage, scalp massage for relaxation and palm massage.

ROVAmen

Energy facial treatment recommended for men of all ages and all skin types, who want to look nice, nurtured and feel good. It revitalizes, strengthens, softens and refreshes the skin and has a strong anti-aging effect. ROVAmen treatment includes exfoliation, mask, digito-pressure, lymphatic drainage, ROVALift facial and shoulder massage and scalp massage to increase relaxation and blood circulation.

Facial treatment extra

EXTENDED FACIAL MASSAGE

To prolong the enjoyment of your facial, include extra 10-minute massage that will further stimulate the circulation and thus promoting the better absorption of valuable substances from cosmetic products.

Rova beauty treatments

ROVA MANICURE

Classic manicure is the main method of hand care and protection. It includes hand bath, cuticle work, and a hand massage, concluding with a nail treatment and an application of the polish of your choice. After a manicure, hands are relaxed and silky smooth and nails are beautiful and decorated.

PAINTING NAILS

In addition to the application of the polish of your choice, this treatment includes a basic nail treatment.
